ABOUT THE BOOK

ARE YOU IN A FOREIGN COUNTRY AND
STRUGGLING TO COMMUNICATE YOUR
PHARMACY NEEDS?

"Questions For Pharmacy" is your indispensable companion for navigating language barriers and obtaining essential medications and supplies while traveling. Packed with basic questions and illustrated scenarios, this handy guide ensures you can confidently communicate with pharmacists worldwide.

From requesting band-aids to inquiring about anti-fungal creams and diarrhea medication, each page features a common question accompanied by a visual depiction, making it easy to convey your needs effectively. Whether you're exploring a new destination or facing unexpected health issues on the road, "Questions For Pharmacy" empowers you to navigate foreign pharmacies with ease

mee ya gae khai mai [krab/kha]?

A stylized illustration of a young man with dark, wavy hair and blue eyes, wearing a blue button-down shirt over a white t-shirt. He is pointing his right index finger towards a large tube of 'Insect Bite Relief Cream' held in his left hand. His left forearm is covered in numerous red, inflamed insect bites of varying sizes. The background is a vibrant teal color with white outlines of various insects (flies, bees, mosquitoes) and medical symbols (a large cross, a pill, and shelves of medicine bottles). A large white circle containing a detailed drawing of a bee is positioned near the man's head. The tube of cream is white with a blue label that reads 'Insect Bite Relief Cream' and 'A Clox + Isoxan CC (Bupivacaine)' in smaller text.
